Ancillary Hospital Provider and Financial Aid Status

POLICY NUMBER  4216  
APPROVED BY  Mary Griest, VP Finance  
APPROVAL DATE  12/03/2015  
PREVIOUS REVISION  n/a

Policy

This policy is intended to help provide guidance to our patients in order to achieve greater transparency as required by 501(r) regulations. It provides a list of ancillary hospital providers in our facility and lists those providers who extend financial assistance for professional bills based on the hospital’s approval for financial assistance.

Samaritan Regional Health System operates as a 501(c)(3) hospital organization. 501(r) regulations required for 501(c)(3) organizations are effective for tax years beginning on or after December 29, 2015.

Objective

To provide information so that the following lists can be made available to our patients. These lists are updated annually at a minimum.

- List of the ancillary providers or provider groups who may provide services related to facility/hospital care provided at Samaritan Regional Health System. None of these providers are covered under our hospital Financial Assistance policies, however, some provide financial assistance based on the hospital approval.
- List of ancillary providers who honor the hospital’s financial aid approval for their bills.

Essential Points

- Samaritan Regional Health System has established financial aid policies that define financial aid, eligibility requirements, and the application process for hospital services.
  - Hospital Care Assurance Policy (HCAP)
  - 100% SRHS Financial Assistance Policy
- Professional providers who may be physicians or other ancillary medical providers may provide services related to care received in any of the Samaritan Facilities.
- Professional fee billing is handled separately from the hospital’s facility fee billing by either the Samaritan Professional Corp. or the other professional providers.
- The hospital’s Financial Aid policy pertains only to hospital billing. The Samaritan Professional Corp. also has a program for Financial Assistance. Other professional providers may have their own policies and/or extend financial aid for their bills based upon the hospital approval of financial assistance.
Ancillary Provider Listing

Below is a list of the key provider groups who may provide services within our facilities. This list is not all-inclusive and is subject to change.
